

Meet our therapists

Gianna was born and raised in Southern New Jersey, where she completed her undergraduate degree in Health Sciences at Stockton University. Through her experience as an injured athlete, Gianna found her passion and continued her path three years ago when she moved up to Portland to complete her Doctorate of Physical Therapy. She recently graduated from the University of New England Physical Therapy Program in the Spring of 2019.

Gianna's emphasis on the importance of providing evidence based treatment, along with patient centered care, aligns with Elevate PT's mission to help patients achieve their goals. She has worked in both inpatient and outpatient facilities and enjoys working in the orthopedic realm.

In her spare time, she enjoys living an active life including running, hiking, and exploring the beautiful sites of Maine.

Gianna Pezzano

PT, DPT

Physical Therapist
